*This year Ms. Courtney Galloway provided delicious lunch for our students each week as part of our school lunch program. Thanks Courtney, for making sure RLCA has the tastiest lunches around!*

**NOW ENROLLING K-6th GRADE & Daycare/preschool 2.5 to 5yrs!**

LA ACADEMIA CRISTIANA ROYAL LEGACY

ROYAL LEGACY CHRISTIAN ACADEMY

# The Royal Review

SUMMER 2021

## Royal Legacy Explores the Big City of Chicago!

Our 5th through 8th grade students had a tremendous opportunity to explore Chicago for our first annual end-of-year trip, with two opportunities to serve! Harambee ministries welcomed RLCA students as we pulled weeds and picked up trash in an open grassy lot that they acquired for Chicago families to enjoy. We also took a tour of Lawndale community, a neighborhood transformed by the power of intentional, Christ-centered neighbors and strategic ministry. RLCA donated several boxes of food for their community food pantry. The students also went on an architectural boat tour, explored Lincoln Park Zoo, and spread the gospel by passing out gospel tracts downtown!

*Our end of year trip at Camp EWALU was soggy but fun!*

## Immersion at RLCA

We have completed 3 years of our Spanish immersion program and our students are already benefiting from our quality program. From phonics to chapter books, from short phrases to extended conversations, our students have learned so much Spanish! It has been fun to see how students have transferred the reading skills they have acquired in Spanish to English—many of whom are now reading very well in English too! Students continue to learn on grade level each year—through the medium of the Spanish language instead of English (K-2). In third grade, they begin to incorporate direct English instruction, and receive more in English each year after. **Their Spanish is developing and their English is benefiting, and the long-term effects on their education, life and brain are positive and countless!**

*Spanish immersion students at Los Cabos Restaurant getting a cultural lesson*

## Christ-Centered and Thriving with Your Support!

Having a Christ-centered school that families can access regardless of their household income means that children have a space to flourish academically and grow spiritually. It's a place that encourages worship and children experience the love of God in tangible ways throughout their school day. **Please consider sponsoring a student's tuition (\$500/month or \$5,000/school year) or the setup of a classroom (\$10,000). Donate one time or recurring monthly via PayPal on our website, Cash App us (\$RLCAwaterloo) or send a check in the mail. We need your support!**

*Students sang beautifully at our end-of-year worship service with family and friends present.*

## Legacy Littles Christian Early Learning Center's Class of 2021

It was so wonderful to celebrate our very first graduating PK class from Legacy Littles! All three of our graduates are moving on to kindergarten and are enrolled in Royal Legacy's Spanish Immersion program. Congratulations graduates!

## Little Farmers and Green Thumbs

We were blessed to receive a \$500 grant from Farm to Early Care & Education to create a garden space with our children this summer. We've had lots of fun planning, selecting produce and flowers and planting a beautiful raised-bed garden right here at Legacy Littles! We also recently visited Hansen's Dairy Farm in Hudson. The kids had a blast petting calves, watching the kangaroos and eating ice cream!

## Help us Celebrate!

Our Co-Founder, Pastor Chassidi Martin is celebrating her 40th birthday on Tuesday, July 6th! If you'd like to help us celebrate, send a birthday card with a donation to RLCA 620 W. 5th Street Waterloo, IA 50702.
