

MEAL CHARGES

In accordance with state and federal law, Royal Legacy Christian Academy adopts the following policy to ensure school district employees, families, and students have a shared understanding of expectations regarding meal charges. The policy seeks to allow students to receive the nutrition they need to stay focused during the school day, prevent the overt identification of students with insufficient funds to pay for school meals, and maintain the financial integrity of the nonprofit school nutrition program.

Payment of Meals

Students have use of meal account. When the balance reaches \$0.00 a student may charge no more than \$25 or seven meals to this account. When an account reaches this limit, a student shall not be allowed to charge further meals until the negative account balance is paid. Families may add money to student accounts by logging on the JMC parent portal to pay electronically or by paying cash in office.

Students who qualify for free meals shall never be denied a reimbursable meal, even if they have accrued a negative balance from previous purchases. Students with outstanding meal charge debt shall be allowed to purchase a meal if the student pays for the meal when it is received. *[The school may provide an alternate meal that meets federal and state requirements to students who have charged the maximum allowance to the student account and cannot pay out of pocket for a meal].*

[Employees may use a charge account for meals but may charge no more than \$15 to this account. When an account reaches this limit, an employee shall not be allowed to charge further meals or a la carte items until the negative account balance is paid].

Negative Account Balances

The school district will make reasonable efforts to notify families when meal account balances are low. Additionally, the school district will make reasonable efforts to collect unpaid meal charges classified as delinquent debt. The school district will coordinate communications with families to resolve the matter of unpaid charges. Families will be notified of an outstanding negative balance once the negative balance reaches \$0. Families will be notified via email. Negative balances of more than \$*[insert dollar amount]*, not paid prior to *the end of the school year* will be turned over to the business manager for collection. Options may include: collection agencies, small claims court, or any other legal method permitted by law.

MEAL CHARGES**Communication of the Policy**

The policy and supporting information regarding meal charges shall be provided in writing to:

- All households at or before the start of each school year;
- Students and families who transfer into the district, at time of transfer; and
- All staff responsible for enforcing any aspect of the policy.

Records of how and when the policy and supporting information was communicated to households and staff will be retained.

The principal may develop an administrative process to implement this policy.

NOTE: The IASB sample policy is drafted to be consistent for all grade levels. However, local boards may vary the meal charge policy for elementary, middle, and high schools. Districts should update the policy accordingly if they wish to delineate meal charge practices based on the grade level of students.

NOTE: If the district elects to provide alternate meals for students, the alternate meal must contain components available to all students and be provided in the same manner as meals are provided to other students. Additionally, the district is expected to accommodate special dietary needs when a child's disability restricts their diet.

NOTE: The Iowa Department of Education has tools and resources available to help districts with the school nutrition program and meal charge policy implementation and review. Please visit the "[School Meals](#)" section of the Iowa Department of Education's website.

NOTE: School districts must follow appropriate debt collection practices when trying to recover unpaid meal charges.
